## **DETAILED ACTION**

### ***Response to Amendment***

1. The present Office action is made in response to the amendment filed on 8/25/05. It is noted that in the mentioned amendment, applicant has made changes to the specification, the drawings and the claims. Regarding to the claims, applicant has amended claims 1, 8 and 14 and simultaneously canceled claims 2-3, 9-10 and 15. The remaining claims 1, 4, 8, 11-14 and 16 (Note: Claims 5-7 were canceled by the applicant on 4/6/05) are examined in this Office action.

### ***Drawings***

2. The drawings contained corrected figure 6 were received on 8/25/05. These drawings are approved by the Examiner.

### ***Specification***

3. The lengthy specification which is amended by the amendment of 8/25/05 has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1, 4, 8, 11, 14 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a) Each of claims 1, 8, and 14 is rejected under 35 USC 112, second paragraph for the following reason.

A broad range or limitation together with a narrow range or limitation that falls within the broad range or limitation (in the same claim) is considered indefinite, since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired. See MPEP § 2173.05(c). Note the explanation given by the Board of Patent Appeals and Interferences in *Ex parte Wu*, 10 USPQ2d 2031, 2033 (Bd. Pat. App. & Inter. 1989), as to where broad language is followed by "such as" and then narrow language. The Board stated that this can render a claim indefinite by raising a question or doubt as to whether the feature introduced by such language is (a) merely exemplary of the remainder of the claim, and therefore not required, or (b) a required feature of the claims. Note also, for example, the decisions of *Ex parte Steigewald*, 131 USPQ 74 (Bd. App. 1961); *Ex parte Hall*, 83 USPQ 38 (Bd. App. 1948); and *Ex parte Hasche*, 86 USPQ 481 (Bd. App. 1949). In the present instance, each of claim 1 (lines 8-9), claim 8 (lines 10-11) and claim 14 (line 6) recites the broad recitation thereof "a low friction material interposed between the drive gear and the mount, and each of the claims also recites the feature thereof "the low friction material is interposed between the drive gear and the raised contact points" (claim 1, lines 13-14; claim 8 (lines 15-16); and claim 14 (line 10-11) which is the narrower statement of the range/limitation.

b) The remaining claims are dependent upon the rejected base claims and thus inherit the deficiencies thereof.

***Allowable Subject Matter***

6. Claims 12-13 are allowed.
7. Claims 1, 4, 8, 11, 14 and 16 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
8. The following is a statement of reasons for the indication of allowable subject matter:

See the reason for allowance as set forth in the previous Office action, pages 5-6.

***Conclusion***

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
